

Open Source Information OWL Family

■ **Open Source Software used in the product**

The product contains, among other things, Open Source Software files, as defined below, developed by third parties and licensed under an Open Source Software license. These Open Source Software files are protected by copyright. Your right to use the Open Source Software is governed by the relevant applicable Open Source Software license conditions.

Your compliance with those license conditions will entitle you to use the Open Source Software as foreseen in the relevant license. In the event of conflicts between other Hirschmann Automation and Control GmbH license conditions applicable to the product and the Open Source Software license conditions, the Open Source Software conditions shall prevail. The Open Source Software is provided royalty-free (i.e. no fees are charged for exercising the licensed rights). Open Source Software contained in this product and the respective Open Source Software licenses are stated in the graphical user interface of the software under `Status > General > System Information > Licenses`.

If Open Source Software contained in this product is licensed under GNU General Public License (GPL), GNU Lesser General Public License (LGPL), Mozilla Public License (MPL) or any other Open Source Software license, which requires that source code is to be made available and such source code is not already delivered together with the product, you can order the corresponding source code of the Open Source Software from Hirschmann Automation and Control GmbH - against payment of the shipping and handling charges - for a period of at least 3 years since purchase of the product. Please send your specific request, within 3 years of the purchase date of this product, together with the name and ID number of the product to be found at the label of the product to:

■ **Warranty regarding further use of the Open Source Software**

Hirschmann Automation and Control GmbH provides no warranty for the Open Source Software contained in this product, if such Open Source Software is used in any manner other than intended by Hirschmann Automation and Control GmbH. The licenses listed below define the warranty, if any, from the authors or licensors of the Open Source Software. Hirschmann Automation and Control GmbH specifically disclaims any warranty for defects caused by altering any Open Source Software or the product's configuration. Any warranty claims against Hirschmann Automation and Control GmbH in the event that the Open Source Software contained in this product infringes the intellectual property rights of a third party are excluded.

The following disclaimer applies to the GPL and LGPL components in relation to the rights holders:

“This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU General Public License and the GNU Lesser General Public License for more details.”

For the remaining open source components, the liability exclusions of the rights holders in the respective license texts apply. Technical support, if any, will only be provided for unmodified software.
